October 15, 2010

Dear HSCRS Drivers of the Born to Race event at Infineon,

I am writing this letter to express a sincere Thank You for participating in the "The Ride of Your Life" benefit to support Boost Camp and United Cerebral Palsy of the North Bay. The ROYL was a very exciting and successful event that raised \$25,000.00 for our charity. Most of the ROYL participants have contacted me via email or phone to express how much fun they had participating in the program and that it was an incredible experience they will never forget. Along with the ROYL, the live auction at the winners circle, personal donations from drivers and friends, and the "Tag a Tire" benefit, the entire weekend brought in over \$35,000.00!

The HSCRS Organization is a very bighearted, charitable and community minded group of individuals that I am so proud to be associated with. Your commitment to giving back to the community is greatly appreciated. I hope that all of you enjoyed the weekend and had a great time out on the track. Again, thank you.

Respectfully,

Susy McBride

Founder and Executive Director, Boost Camp
